# Best Supplier Award

A project that flourished because of a close working relationship between different departments within the same company (engineering, UX, marketing, finance), or between an OEM and a supplier.

**Open to**

Open to Tier Suppliers

**What the judges are looking for**

1. How well the design team collaborated with the supplier
2. The end result: product, technology
3. The scope of the partnership beyond a one-off project

Entry name

Nominee full name (person or team)

Please provide the full name of the person or team nominated for the award

Nominee company

Nominee job title/department

Nominee email address

Nominee phone number

Nominee country

Nominee press office email

Nominee press office phone number (optional)

How big is the team? 200 words

Explain how you (the supplier) worked with the OEM to push the boundaries of innovation 200 words

Explain the scope of the partnership – is it a one-off collaboration or a long-running relationship? 200 words

Why does this individual or team deserve to win? 100 words

Please provide 4 images to support your application together with a description of each image.  
You can include as many images as you want within each file. For better representation of your entry, creating a storyboard image is recommended.

**Images and descriptions should:**

- 1 Show how well the design team collaborated with the other team or company
- 2 Show the end result: product, technology
- 3 Demonstrate the scope of the partnership beyond a one-off project
